District Deputy Check-Ins

The purpose of the District Deputy Check-In is to thank the District Deputies for the job they have already accomplished, remind them of what still needs to be completed before the end of this Fraternal Year, and help them envision success in their position. Every District Deputy should attend one of these one-hour sessions. For this training we can only accommodate six (6) DD's at a session, so registrations for dates and times are first come, first serve.
